

User Agreement

For China Transfer Station by the Town of Albion, Maine

This agreement is entered into by the Town of China, Maine (herein after "China") and the Town of Albion, Maine (herein after "Albion") by its Municipal Officers.

Albion wishes to use the China Transfer Station facility for disposal of white goods, demolition, passenger tires, electronics and light bulb disposal for a trial period of six months. This agreement is not for the disposal of Municipal Solid Waste (MSW), for brush or for recycling.

Albion residents who wish to use the China Transfer Station facility must obtain a pass from the China Town Office or the China Transfer Station for a fee of \$5.00. An Albion resident must present proof of Albion residency to obtain a pass. This pass will be valid through December 31, 2023. The pass must be displayed for entry into the China Transfer Station.

China requires Albion to pay a \$500 administrative fee for this agreement. All subsequent fees for disposal will be paid by the Albion user at the China Transfer Station. Disposal fees may be adjusted without notice as the costs borne by China may be adjusted by the disposal businesses as the market varies.

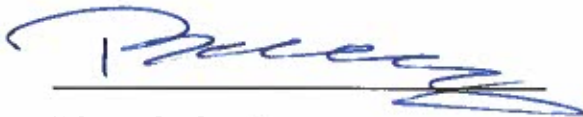

Either party may terminate this agreement, without penalty, at any time for any reason with two week's notice. Review of this agreement will occur before the end of December 2023 to determine if China and Albion wish to initiate a contract for another term. No extensions.

User fees are shown in Addendum 1.

In witness whereof, the parties hereto have, by their duly authorized officers, caused this agreement to be executed this 20th day of June 2023 by the China Select Board and on the 26th day of June 2023 by the Albion Select Board.
